

DANCING WITH MY GIRL

My Girl

She sure knows how to shake it

My Girl

She never ever ever has to fake it

When we go out we'll have our fun/sitting in the Park or Cinema 1

I'm so happy when I'm dancing with my X2

I'm so happy when I'm dancing with my girl

Our crowd

We sure know how to have fun

Our crowd

There's never any bullshit when we're hanging around

The kids are hip

Know where it's at

We'll dance all night and never look back

I'm so happy when I'm dancing with my X2

I'm so happy when I'm dancing with my girl

Yes I am 'cause it's good to have fun

Dancing through the night 'til the night is done

Every eye in town's on my girl tonight

And every girl in the world wants to be my girl tonight

My Girl

She makes it look so easy

My Girl

Just like a book she reads me

And when we ride off into the sun

We'll be two hearts that beat as one

I'm so happy when I'm dancing with my X2

I'm so happy when I'm dancing with my girl

When I'm dancing with my girl...
