

GUIDELINES

Looking at the World through a crack in the door/ I see what they don't want me to
Walking on the street at a pace of my own/ I'll be who they don't want me to
Don't do this/Be like that
Don't see this/ We like that

Guidelines

Talking bout Guidelines
I'm talking 'bout Guidelines
They're not for me

Teach me by your teachers
Feed me pack of lies
The only thing you teach me
Is who I should despise
Sure you mean no harm now
Sure you mean no wrong
You've just been led & led & led
Fed and fed too long

Guidelines

Talking bout Guidelines
I'm talking bout Guidelines
They're not for me

If money's got the answers
Then money is the goal
I'm not a piece of paper
That can be bought or sold
So teach me by your teachers
And feed me pack of lies
The only thing you teach me
Is who I should despise
